Regarding: U.S. Federal Courthouse in Billings, MT
M.A. Mortenson Company Project No. 09050011

Subject: Letter of Recommendation

Dear Scott,

We wanted to take a moment to commend you and your crews on the outstanding work that was performed on the new James F. Battin United States Courthouse in Billings.

Your work consistently exceeded our expectations in all areas including meeting our aggressive schedule, embracing our quality program and most importantly delivering on our Zero Injuries safety culture with your crews. You proved to be an invaluable partner to our Design Build team and a key member of the construction team that delivered this landmark building to the General Services Administration.

Thank you again for a job well done. Please consider using this project and our project team as a reference for any future work you may pursue. We are looking forward to the next opportunity to partner with your firm and deliver another highly successful project.

Best wishes for your future success.

Sincerely,

MORTENSON CONSTRUCTION
